D-SPAN 2012
CALL FOR PAPERS

3rd IEEE Workshop on Data Security and Privacy in Wireless Networks
In conjunction with WoWMoM 2012
June 25, 2012
San Francisco, CA

http://www.ee.washington.edu/research/nsl/DSPAN_2012/

General Co-Chairs
- Sajal Das, University of Texas at Arlington
das at cse.uta.edu)
- Krishna Sampigethaya, Boeing Research & Tech.
(radhakrishna.g.sampigethaya at boeing.com)

TPC Co-Chairs:
- Guevara Noubir, Northeastern University
(noubir at ccs.neu.edu)
- Radha Poovendran, University of Washington
(rp3 at uw.edu)

Program committee members:
- Basel Alomair, KACST Saudi Arabia
- Tansu Alpcan, The University of Melbourne
- Arati Baliga, AT&T Security Research Center
- Michel Barbeau, Carleton University
- Erik-Oliver Blass, Eurecom
- Mooi Choo Chuah, Lehigh University
- Mauro Conti, University of Padua
- Sajal Das, University of Texas at Arlington
- Roberto Di Pietro, Università di Roma Tre
- Yuguang Fang, University of Florida
- Xinwen Fu, University of Massachusetts Lowell
- Mohamed Gouda, National Science Foundation
- Loukas Lazos, University of Arizona
- Heejo Lee, Korea University
- Donggang Liu, University of Texas at Arlington
- Guevara Noubir, Northeastern University
- Neal Patwari, University of Utah
- Radha Poovendran, University of Washington
- Kui Ren, Illinois Institute of Technology
- Bo Sheng, University of Massachusetts, Boston
- Bishal Thapa, Raytheon BBN Technology
- Zhi Wang, North Carolina State University
- Wei Yu, Towson University
- Nan Zhang, The George Washington University
- Sencun Zhu, The Pennsylvania State University

The 3rd IEEE International Workshop on Data Security and PrivAcy in wireless Networks (D-SPAN) will be held in conjunction with the 13th International Symposium on a World of Wireless, Mobile and Multimedia Networks (WoWMoM). The workshop focuses on defining novel problems and developing novel techniques for data security and privacy issues in wireless and mobile networks. With the emergence of data-intensive wireless networks such as wireless sensor networks and data-centric mobile applications such as location-based services, the traditional boundaries between these three disciplines are blurring. This workshop solicits papers from two main categories: (1) papers that consider the security and privacy of data collection, transmission, storage, publishing, and sharing in wireless networks broadly defined, e.g., MANET, cellular, vehicular, ad hoc, cognitive, as well as sensor networks; and (2) papers that use data analytics techniques to address security and privacy problems in wireless networks. The workshop provides a venue for researchers to present new ideas with impact on three communities – wireless networks, databases, and security.

Topics of interest include, but are not limited to:
- Location privacy in wireless networks
- Secure data collection and aggregation for wireless sensor networks
- Secure query processing over wireless sensor networks
- Secure and privacy-preserving data streaming
- Key exchange, distribution and management in wireless networks
- Secure data processing in mobile ad-hoc networks (MANET)
- Secure data collection in body-area networks
- Throughput-security tradeoffs in wireless networks

IMPORTANT DATES
- Paper submission deadline: March 20, 2012
- Notification of acceptance: April 20, 2012
- Camera-ready papers due: April 29, 2012
- Workshop date: June 25, 2012 (in conjunction with WoWMoM 2012)

Paper submission instructions:
Original, unpublished manuscripts for 6-page papers inclusive of all references and figures are encouraged. Papers should report completed results and must not be previously published elsewhere or currently under review for any other publication. Vision papers and descriptions of work-in-progress are also welcome as short paper submissions (4 pages).

Papers must be written in English, and formatted according to the WoWMoM Proceedings format. All accepted papers will appear in the conference proceedings published by the IEEE Computer Society Press. Consequently, each accepted paper needs to have a registration to the conference (a no-show will result in exclusion of the corresponding paper from the IEEE Digital Library).

Paper submission website: http://edas.info/N11887
Please direct any questions regarding paper submission to d-span2012-chairs@edas.info
